

# IMPLEMENTING **NARCAN**<sup>®</sup> WITHIN YOUR DEPARTMENT

NASAL SPRAY

This checklist is designed to help implement active, passive, and static strategies that can improve access to NARCAN<sup>®</sup> Nasal Spray and empower your officers to prevent fatal overdoses and save lives in your community.

## **CARRY NARCAN<sup>®</sup> NASAL SPRAY AND BE EQUIPPED TO RESPOND**

- Create a policy or standard operating procedure
- Acquire NARCAN<sup>®</sup> Nasal Spray
  - Explore if you are eligible to receive from a state or local distribution program
  - If not- Consider discounted purchasing through *NARCANDirect.com*
- Educate officers on how to use NARCAN<sup>®</sup> Nasal Spray
- Issue NARCAN<sup>®</sup> Nasal Spray across the department

## **CREATE A LEAVE BEHIND PROGRAM AND/OR POST OVERDOSE RESPONSE PROGRAM**

- Acquire NARCAN<sup>®</sup> Nasal Spray designated for community distribution
  - Explore if you are eligible to receive from a state or local distribution program
  - If not- Consider discounted purchasing through *NARCANDirect.com*
- Develop a program model to actively distribute to those who may have experienced an opioid overdose as well as family, friends, and potential bystanders
  - Determine if you'd like to leave NARCAN<sup>®</sup> behind immediately after an overdose or if you'd like to conduct a follow up visit 1-2 days afterwards
  - Explore if community partners are available to assist with visits

## **MAKE NARCAN<sup>®</sup> NASAL SPRAY AVAILABLE AT YOUR STATION AND WITHIN THE COMMUNITY**

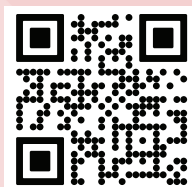

- Stock NARCAN<sup>®</sup> Nasal Spray in static locations such as vending machines and distribution boxes
- Distribute NARCAN<sup>®</sup> Nasal Spray upon request to community members
- Provide NARCAN<sup>®</sup> to community organizations for active outreach in areas where higher numbers of overdoses may occur
